House of James Van Nostrand, North Hempstead, Oct 27th 1874.

Testimony taken by the Commissioners Valentine Willis, B. Hendrickson and Ebenezer Kellum, appointed by Court to assess damages for a highway through the lands of George H. Kelsey, Charlotte K. Kelsey and Charlotte C. Kelsey.

George H. Kelsey being duly sworn says—that I am acquainted with the land in question, have known it since 1828. Said land lies in the town of North Hempstead, lying between the Lakeville Road and property or lands of Mrs. Shepard and James Van Nostrand, there is a fence the whole distance on the North side of said proposed road, said highway is said to be fifty feet wide, there is no fence on the South side of said road. Said Road takes two acres and three quarters of land belonging to Charlotte H. Kelsey and Charlotte C. Kelsey and eventually to me. I think it was 10 years since the Waldron farm was sold. I think

this land to be taken is worth $600 per acre. I rent this land for $12.50-100 per acre. This land is now in a high state of cultivation. This property is taken at a disadvantage to me, as it is leased out of from $400 to $500 to one man, and $300 for another man. This property is taken without my consent. Lands were sold by O. Bergen to John Wick on the Jericho Turnpike one mile off this road for $500 per acre.

GEORGE H. KELSEY.

Edwin Laurence duly sworn, says:—That I know the land in question. The Waldron farm lying adjoining, was sold about 3 years ago for $4.000 or $5.000, containing about 40 acres. Buildings were not very valuable, it was a foreclosure sale. I sold the front part of my farm joining the Jericho Turnpike, running about 160 rods to the north, for $300 per acre. The front land is worth about double what the rear land is worth. I think this land to be taken

PAGE 296.

for the said road is worth about $200 per acre. I think the road when opened will be a benefit to the land. I should consider this road a benefit to the Kelsey property without any compensation for the land, and do not consider the road any damage. I consider the Waldron farm in as good condition for gardening purposes as the land about to be taken for this road, when it was sold. The rear part of the property I sold for $300 per acre, lies near the land about to be taken for this road, which rear land I consider to be worth about one half what the front was.

EDWIN LAURENCE.

Do not know of any property being sold within 2 years under $200 per acre within one mile of this road. Have been told that widow Hendrickson sold a part of farm at Hinsdale Station for $500 per acre (front land). Owner of property told me so.

EDWIN LAURENCE.

George Kelsey recalled says:—That I know of the Burtis property lying or fronting on the Turnpike for $500 per acre, with buildings; Mrs. Hendricksons at Hinsdale for $500 per acre, without buildings.

At the Annual Town Meeting of the town of North Hempstead, held at the house of John Ruland, Manhasset, on Tuesday April 6th 1875.

The following officers present. James L. Baxter, Sam'l V. Searing, W. Wallace Kirby & H. C. Morrell, Justices, John D. Acker, Town Clerk.

The annual Report of the Trustees of Jones Fund for the year ending Ap'l 1st 1875, was read, accepted and ordered on file.

The following resolutions were adopted.

Resolved—That the sum of three hundred and fifty dollars be raised to offset interest on Walter R. Jones bequest.

Resolved—That the sum of two hundred and twenty five dollars be raised for one half of Keepers salary of Jones Institute.

Resolved—That the sum of one thousand dollars be raised for the support of the poor of the town for the ensuing year.

Resolved—That the sum of Thirty nine dollars and twenty seven cents be refunded to Mrs. Washington Q. Hutton (being the amount over assessed upon her real estate for the year 1874) out of any monies remaining in the Supervisor's hands.

Resolved—That the sum of Nineteen dollars and thirty nine cents be refunded to John H. Allen, out of any monies remaining in the Supervisor's hands, being the amount paid by him under protest for erroneous assessment upon personal property.

Resolved—That the sum of nine dollars and forty four cents be refunded to Daniel Tilley, out of any monies remaining in the hands of the Supervisor, being the amount

PAGE 302.

erroneously assessed upon personal property in the year 1874.

Resolved—That the sum of Five hundred dollars ($500.)

be appropriated out of the monies arising from the sale of the town lands at Sands Point, for the purpose of building a bridge and causeway in the highway recently laid out, and leading from the highway running from Port Washington to Roslyn, by S. A. Jenks and others, to the highway running from Port Washington to Manhasset, and that said work be done immediately, and under the direction and the supervision of the overseer to be appointed by the Commissioners of Highways for that purpose.

Resolved—That the sense of this Town Meeting is in favor of a division of this County.

Resolved—That all monies arising from the proceeds of the sale of the town lands, remaining in the hands of the Commissioners of Highways or the Supervisor, be appropriated toward defraying the town expenses.

Resolved—That the Town Clerk furnish copies of the resolutions passed at this town meeting to one paper in Flushing, Jamaica and Glen Cove, for publication, without expense to the town.

Whereas—The Court House Commissioners have already expended $25.000 in excess of the amount ($150.000) appropriated under Chap 804 of the laws of 1872, to erect a Court House and and Jail for Queens County, and

Whereas—As the result of said expenditure they present to the taxpayers an unfinished building which will require according to the estimate of the Commissioners at least $100.000 to which may safely be added $100.000 to complete, and

Whereas—It would cost at least $50.000 additional to erect a Jail, grade and fence the ground, making a grand total of $425.000, thereby entailing an extra burden upon the people in amount equal to nearly one half of our original war debt, which in these times of depression they are not able to bear, therefore

Resolved—That we the people and tax payers assembled in town meeting, enter our solemn protest against the

further appropriation or expenditure of another dollar upon said Court House or grounds.

Resolved—That a copy of the foregoing resolutions in relation to the Court House and grounds, be sent to our Senator and Member of Assembly, and to the Supervisor of this town, and also that a copy of the resolutions in re-

lation to Chap 309 of the laws of 1853, and the letter of L. Bradford Prince, and the bill of James M. Oakley, be sent to our Senator and Member of Assembly.

Resolved—That we the people of the town of North Hempstead, in town Meeting assembled, do emphatically disapprove of any further sale of, or disposition in any manner, of the Public Lands belonging to said town, where the same are to be appropriated to private purposes.

Resolved—That our Senator and Member of Assembly be and they hereby are earnestly requested to use their best efforts to have Chap 309 of the laws of 1853 at once repealed.

Resolved—That the Commissioners of Highways be and hereby are requested not to dispose of another foot of the Public lands belonging to this town under the Authority given to them by Chap 309 of the laws of 1853, nor any other law. And

Whereas—Our attention has been called to a letter by L. Bradford Prince addressed to prominent Oystermen under date of Albany March 9th 1875, which letter has been read and duly considered by this meeting, therefore

Resolved—That we most emphatically disapprove of and condemn the legislation suggested in said letter, and we enter our emphatic protest against the passage of any law, the object or tendency of which is to take from the whole people and confer upon the few, rights, privileges and immunities to which all are alike entitled, and be it further

Resolved—That we disapprove of the bill introduced by the Hon. James M. Oakly for the creating a new County

Officer to be designated "Commissioner of arrears" and also for the election of Receivers of Taxes in place of Collectors, and we earnestly request our Senator and Member of Assembly to have our town wholly exempted from the provisions of said bill, if the same shall become a law.

Resolved—That the sum of nine dollars and eighty cents be refunded to Dennis Powers out of any monies remaining in the hands of the Supervisor (being the amount erroneously assessed upon said Powers), upon his making the proper affidavit before the Board of Assessors.

The following officers were elected. Samuel Willets, Supervisor. John D. Acker, Town Clerk. John Valentine, Collector. Joseph D. Armstrong, Justice. James R. Willets, Assessor. John H. Treadwell, Commissioner of High-

The following resolution was tabled:

Resolved—That the sum of Sixteen hundred dollars ($1.600) be appropriated out of the monies arising from the sale of the town lands at Sands Point, for the purpose of building a road across the meadows at or near the head of Manhasset bay, to intersect with what is known as Harpers Lane, and thence running to the highway on Great Neck. The said sum to be paid only on the Completion of the said road to the satisfaction of the Commissioners of Highways of the town, and upon the said Commissioners certifying

A Record of the Division

Made by the "Proprietors,"

OF THE

Land Held by Them

AS

Patentees of the Town of

Hempstead.

The original Book of Records
was in the hands of
SAMUEL L. MITCHELL, ESQUIRE,
of Plandome,
who kindly presented it
to the Town.

The first leaf, containing the beginning and principal portion of the record of the proceedings of the Town Meeting, at which action was taken on the matter of a division of the Proprietor's lands, is missing. All that remains is on the first page of the second leaf, and is as follows.

PAGE B.

..... Their Heirs or Assigns According to what they have Respectively paid to the patent. There was also a Large Tract of Land Laid out ye Seventeenth Day of Apriel 1712 for Town Commons Lying between the East Meadow and the West Meadow which Land we find by Experience Has Not Answered the Expectations or Ends that It was Laid out for the Reason that Several persons Makes Such Havock and Distruction of ye Timber that the End will prove Distructive To the Inhabitance afore'sd We the freeholders and Inhabitance of ye Afore'sd Town Do Order and Direct ye persons afore appoynted To Survey and Lay it out with the Rest of our undivided Lands as afore'sd And When ye Devision is finished And Return Made and Entered Upon Our Records by ye persons before Appoynted It Shall be to us ye freeholders afore'sd Taken and Esteamed to be a fair and Just Division of Our Lands And be a barr against all other Divisions Whatsoever that Shall be Ever after Made And also ye True Intent and Meaning of us ye freeholders and Inhabitance of ye sd Town is That all the plains Belonging to Hempstead Shall Not as Yet be Divided or Laid Out Notwithstanding the above sd Order But Shall Remain in Common Till further order of sd Town this Entered In ye Town Book of Records of Hempstead In ye New Book : E : In page 357.

PAGE C.

Whereas att a General Town Meeting Held At Hempstead ye 14th Day of October 1723 It was Voted and agreed by ye Major part of the freeholders and Inhabitance of ye sd Town To Divide and Lay Out their Lands In Manner as is Expressed In sd Vote, and for the Effecting their sd Division ye persons Hereafter Named were Appoynted To Wit Coll: Hicks, James Searing, James Jackson, William Willis Sen, Benjamin Seaman Jur, Joshua Carman and Abel Smith. To Whome the freeholders and Inhabitance afore'sd Gave full power and Authority to Divide their Lands In Manner and forme as is set forth and Described in and by ye above Recited Vote, Reference thereunto Being Had May More at Large appear.

Now Know Ye that we the persons before Appoynted In pursuance To the above sd Order and by ye Authority therein Conveyed Unto us Did Begin and pursue ye Laying and Dividing ye sd Lands, But ye Labour of which Hath proved very Tedious and Intricate by Reason of the Multitude of Conveyances that hath been practised by ye freeholders And Inhabitance of ye sd Town which We Were Not Apprised off, By Which Means Our Labour and pains Hath Extended far beyond our Expectation.

And Moreover In as Much as three of us ye persons before Appoynted hath been Taken a way by Death, hath also Retarded the progress of ye sd Division, Yet Notwithstanding those and Many Other Impedements Which hath Occured In this Important affair We the persons Before Appoynted, or the Survivors of them, hath by Intervalls Resumed this work and have Digested and Methodised ye Same In the following Order. First In pursuance To A vote Made at a Generall Town Meeting Held In hempstead ye 12th Day of February 1705–6 Stated and Settled fifty proprietors and fifty Blanks, Taking their Names from ye Most Ancient and Authentick Records As We Could find or Conceive was Just and Equatable and In a further Con-

formity to ye sd vote we have Laid Out To Every propriety a hundred, a fifty and a Twenty Two Acres Lott, and further In Order to fullfill and preforme ye Contents of ye Scheme or first Mentioned Vote we have Strickly Observed that Wherever we have found Any proprietors or Blanks Which

PAGE D.

hath Not had their Hundred, their fifty and Twenty Two Acres Lotts, We have Laid Out and fullfilled them Accordingly To the Number of Acres afore'sd, and as To all former Gifts and Grants Which hath been Laid out and Settled heretofore by Order of ye sd Town we have Left them to Remain as they was Laid out, and after the proprietors Blanks and Grants was fullfilled we have Laid out to Every person (or their heirs or assigns) that has Respectively paid Toward ye General patent of Hempstead as they are Named In the General patent List or Entered upon Record according To What they severally paid In Quantity and Quality agreeable To the Best of our Knoledge and Understanding, always Allowing for one Shilling paid Toward the patent thirty Shillings worth of Land, and so after the Same proportion To what Every person paid, and According To that Rule have fullfilled Every Originall patent Right, and Wheresoever we have found Severall persons To Claim one and ye Same Right Either in propriety or patent Right, and ye Mater proving obscure and Dubious to Our Understanding, we have (In Such Cases) Surveyed and Recorded ye Lands to ye Heirs or assigns of those persons which had ye Originall propriety, In Order that whomesoever proving themselves to be ye Lawfull owners May Take Such Regular Methods as To Injoye The Same, And In Order To fullfill and Accomplish the said Division acording to the Express words of the Scheme or first Cited Vote as above'sd That it May Be Taken as a fair and Just Division To ye freeholders and Inhabitance of ye afore'sd Town, we have Made a Return Hereof and Entered ye Same In this Book of Records, Which Being So Done and

preformed In manner as above set forth and Expressed, We Do Conceive that We have Justly Answred the Intent and purpose for which We Were Appoynted.

PAGE E.

In Testemony To the above'sd Division We the Survivors of the persons before appoynted have Set To Our hands this Twenty third Day of January In the Year of Our Lord Christ Seventeen Hundred and forty One–Two
